

Supply list for Little Pebble People Collage Class

Grace or Grayson Kit or Pattern with coordinating material (choose a variety of prints sizes, colors, and tones if compiling your own fabric for the class)

1 yard FUSIBLE interfacing (like Pellon Feather or Lite Weight)

1 yard double-sided fusible webbing (like Heatn'bond Lite or Steam-a-Seam 2 Lite)

Fabric glue (any glue that is meant for fabric will work, we like Fabric Fuse, Tear Mender, Fabri Tac, Alene's OK to Wash, etc. = any permanent fabric glue works, glue sticks aren't recommended)

Very sharp pointed scissors for detailed cutting (make sure they are sharp to the point, we like our little Fiskars made for applique)

Applique pressing sheet or Parchment paper (to protect your iron from getting sticky while fusing pieces in place)

IF YOU HAVE IT:

Personal Ironing station (We will have irons, but a little one specifically for you is very helpful)

YOU DO NOT NEED YOUR SEWING MACHINE!

This class focuses on the collage aspect of the pattern and usually doesn't allow time to sew things in place.
